

I am the Managing Director of IKON GLOBAL MARKETS, Inc., the Futures Commission Merchant where you have recently opened your account. I am writing to you because I want to ensure that you understand the nature of the transactions you plan on entering into.

As a clearing firm, we will require that you sign and return an additional risk disclosure form along with your original paperwork if you meet any of the following criteria:

- If you have no Forex or options experience
- If you are under the age of 21 or over the age of 65
- If you are retired
- If your risk capital is greater than 15% of your combined net worth (Example: If your net worth is \$100,000 and your risk capital is \$20,000, you would need to sign this form. Risk capital is defined as: the amount of capital, if lost, would not change your lifestyle and/or funds that you do not need to meet your current or long-term financial requirements. This includes the initial deposit to open this account.)

If you do meet one of the aforementioned scenarios, please consider whether your decision to trade or invest in Forex is appropriate. Please be advised that we do not and will not assume any responsibility for monitoring your deposits, losses or changes in your net worth. We will accept your account if you return a copy of this Supplemental Risk Disclosure letter, acknowledging that you are fully aware of the substantial risk of loss in trading and that you accept full responsibility for your decision to trade in Forex.

I certainly appreciate the time and thank you for your considerations. If you have any questions, please feel free to contact us.

Regards,

Diwakar Jagannath
